

# Weekenders

Leader; Chris Benn

We would like this group to be welcoming and friendly with a mix of themed discussions, out-door time and probably some cafe time. We don't want to duplicate anything already happening in Settle District u3a. The unique element is getting together at the weekend, usually once a month and having an enjoyable and interesting low-cost time. The agenda to be suggested and agreed by the membership. There will be some challenges caused by Covid 19. In previous years we have had outings, discussions and investigated various local 'coffee' venues, including garden centres but the future is yours to decide.
