

Basic French

Led by Jane Barnes

This group is now known as Talk French.

If you love France and would be interested in building on the French that you have then this group is for you.

Jane is a retired Language teacher and offers a relaxed, conversational French class for Pre- intermediates.

Vocabulary and confidence will gradually develop helping you speak in French. Jane will go at a steady pace, one that the majority of the class is comfortable with and you will use a variety of material.

The main emphasis in the classes will be having fun, and communicating because learning should be a pleasure!

This class is full.
