

# Sociology and Current issues

Leader: Jennifer Warner:

We normally meet 10am – 11.30am on the 2nd and 4th Tuesdays at Limestone View.

What is Sociology? Sociology is an exciting subject that analyses and tries to explain important matters in our society. It is something that everyone can relate to. We will be discussing issues like racial and gender identity, family, deviant behaviour, crime, poverty, prejudice and discrimination. You will need to come with an open mind as we will be looking at issues from varying perspectives.
